OBJECTIVE

Analytical and Detail-oriented Full Stack Data Analyst with a Master's in Data Analytics and hands-on experience in Data collection, Transformation, Visualization, and Automation. Skilled in Python, SQL, Power BI, Tableau, and cloud-based analytics. Proven ability to manage end-to-end data pipelines, design insightful dashboards, and drive data-informed decision-making. Seeking a full-time role to apply technical and analytical expertise to optimize business performance

TECHNICAL SKILLS

Programming: Python, SQL, Spark, Pandas, NumPY
Data Visualization: Power BI, Tableau, Matplotlib, Seaborn
Databases: MySQL, PostgreSQL, Mongo DB
Tools: Excel, Jupyter Notebook, Git
Data Analytics: Data Cleaning, ETL, Feature Engineering, Regression, Forecasting
Soft Skills: Communication, Problem Solving, Collaboration, Time Management

PROFESSIONAL EXPERIENCE

Tech Mahindra Ltd.

Data Analyst   **Aug 2022-July 2024**

- Built interactive dashboards using Power BI and Tableau to visualize KPIs and business trends,
- Cleaned, transformed and analyzed large datasets to improve data quality and consistency
- Developed ETL pipelines using Python and SQL for automated data processing
- Implemented predictive models for business insights and optimization
- Collaborated with teams to present actionable insights to stakeholders.

Associate Software Engineer   **Aug 2021-July 2022**

- Designed and implemented backend services and RESTful APIs to support enterprise applications
- Conducted unit and integration testing to ensure reliable data-driven performance
- Managed MySQL databases optimizing data queries and storage efficiency
- Collaborated with cross-functional teams in an Agile environment to deliver scalable solutions.
- Supported data automation processes, improving operational efficiency.

EDUCATION & CERTIFICATIONS

Masters of Science   **Jan 2025-Jan 2026**
Majors:Data Analytics
National College of Ireland

Bachelor of Technology   **Jul 2016-Sept 2020**
Major: Electronics and Communication Engineering

Google Data Analytics Professional Certification   **August 2024**
Coursera

EXTRACURRICULAR ACTIVITIES

Participated in data visualization workshops and analytics hackathons
Learning essentials of Data Analytics in Linked Learning
